

WHAT THE CUSTOMER SEES

From question to booking in one chat

1. **Reply in seconds**
   The answer comes from the price list and FAQ the business set up in Settings.
2. **Real availability**
   The assistant checks each practitioner's Google Calendar and offers only free slots.
3. **Lead saved**
   Name and phone are saved and the customer is scored (here: hot).
4. **Booking confirmed**
   An event is created on Amy's calendar and appears on the Schedule page.
5. **Reminders**
   Reminders go out 24 hours and 2 hours before. After the 24-hour window an approved template is used.

Works the same on WhatsApp, Instagram and Messenger, in Chinese or English.

Mei Lim WhatsApp | Translate: on | Resume AI | Resolve

I had the laser last week and my skin is red and itchy. Is that normal?

I am sorry to hear that. I am connecting you with our team now.

AI summary (private)
Medical concern. Pigmentation laser 7 days ago, redness and itching. Score: warm.

Hi Mei, this is Dr. Sarah. Could you send a photo of the area?

Sure, sending now

Reply, or press Tab to use the AI draft...

✨ **Copilot**

SUGGESTED REPLY

Thank you, Mei. Mild redness for a few days can be normal, but I want to check the photo first. If swelling or pain increases, please call us right away.
